ADITYA PRASAD

DATA SCIENCE INTERN

prasadaditya316@gmail.com

PROFILE

B.Tech Data Science student with hands-on experience building AI applications using Machine Learning, NLP, OCR, and MLOps. Skilled in developing end-to-end data pipelines, intelligent automation systems, and deploying scalable AI solutions using Python, FastAPI, Docker, and Airflow.

TECHNICAL SKILLS

- Languages:
  - Python, Java, SQL, C
- ML & AI
  - TensorFlow, Scikit-Learn
  - Pandas, NumPy
  - NLP, OCR
- MLOPs
  - Docker, Apache Airflow
  - Streamlit, FastAPI, Git

PROFESSIONAL EXPERIENCE

Associate MLOPs Engineer and Data Analyst **Dec 2025 - Feb 2026**

- Designed and deployed an AI-powered chatbot enabling users to order food and access platform services efficiently.
- Collaborated with cross-functional teams to build a scalable smart platform, improving automation and user experience.

Data Science Intern at EMEYC Pvt Ltd **May 2026 - July 2026**

- Developed an AI-driven Menu Automation System using OCR and LLMs to automatically extract, structure, and digitize restaurant menu data, significantly reducing manual effort.
- Built an intelligent Review Analysis System using NLP techniques to analyze customer feedback, classify sentiment, and generate insights while collaborating with cross-functional teams to deploy scalable AI solutions.

PROJECTS

AstraMind – Industrial Intelligence

- Team Project 2026
- Developed an AI-powered industrial knowledge platform using RAG, AI agents, and knowledge graphs to enable intelligent document search, root cause analysis, and quality management.
- Designed scalable data pipelines with FastAPI, Docker, Airflow, Neo4j, and Qdrant, integrating OCR and LLMs to automate document processing and enterprise knowledge retrieval.

Menu Automation System

- Internship Project 2025
- Developed an AI-driven Menu Automation System using OCR and LLMs to automatically extract, structure, validate, and digitize restaurant menu data, significantly reducing manual effort.
- Implemented an end-to-end processing pipeline with intelligent data validation, image generation, and database integration to improve menu management efficiency.

EDUCATION

- **Bachelor of Technology (B.Tech)** **July 2024 - Present**
  - Sikkim Manipal Institute of Technology
  - Major in CSE Data Science
- **Higher Secondary Education (Class XII)** **July 2022 - April 2024**
  - DAV Public School

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Nepali.
- **Certifications:**
  - Coursera Certified in Machine Learning
  - NPTEL certification for Data Analytics with Python
